**R95C CHROMED BRASS  
NAUTICAL CLOCK**

## OVERVIEW

The Atlantic 95 range of instruments have a base diameter of 95mm making them slightly larger than the Minor 72 instruments. The range comprises of four instruments; clock, barometer, thermometer and hygrometer. Each is available in three finishes styles; gold plate, chrome or matt black - this gives twelve instruments in total. All models in this range have a white dial.

This range of instruments are also suitable for inclusion in custom made panels or weather stations. Alternatively, we have a range of pre-assembled weather stations listed in our weather station section.

These instruments would also make an attractive addition to any caravan or motorhome.

## EASY FIX SYSTEM

Our clocks, chronometers and weather instruments combine traditional design and the stylishness of the finest nautical clocks and weather instruments.

To ensure easy operation and installation, an easy fix system is supplied in our 95 & 120 range of instruments which allows access to the movements, battery replacement or adjustment without removal from the bulkhead.
