R120N-A BLACK NAUTICAL CLOCK

OVERVIEW

The Pacific 120 is a mid range size of instruments suitable for leisure craft and small commercial vessels. The range comprises of three instruments; clock, barometer with integral thermometer, and clinometer. Each is available in three finishes ; gold plate, chrome and matt black. All models in this range have a white dial whilst the clock has the option of a traditional Roman numerals dial or Arabic numerals with the radio silence periods marked.

For commercial vessels these instruments can proved a compact set of the four traditional instruments of ships clock, radio room clock, barometer and clinometer. These instruments are supplied with a wall mounting ring to aid installation.

EASY FIX SYSTEM

Our clocks, chronometers and weather instruments combine traditional design and the stylishnesss of the finest nautical clocks and weather instruments.

To ensure easy operation and installation, an easy fix system is supplied in our 95 & 120 range of instruments which allows access to the movements, battery replacement or adjustment without removal from the bulkhead.
